Talk with your financial advisor about Franklin Templeton funds you can use to build a portfolio for both bull and bear markets.

1. In this illustration the market is represented by the Dow Jones Industrial Average. Sources: © 2020 Ned Davis Research, Inc., Dow Jones & Company, Inc. Ned Davis Research defines a bear market as a 30% drop in the Dow Jones Industrial Average after 50 calendar days or a 13% decline after 145 calendar days. A bull market requires a 30% rise in the Dow Jones Industrial Average after 50 calendar days or a 13% rise after 155 calendar days. Average frequency, duration and market increase data do not reflect the current bear market that started on 3/11/20. Indexes are unmanaged and one cannot invest directly in an index. Index returns do not reflect any fees, expenses or sales charges. **Past performance does not guarantee future results.**
